Bath and North East Somerset
Local Safeguarding Children Board
Terms of Reference

Purpose:

1.1 The purpose of the Local Safeguarding Children Board (LSCB) is to safeguard and promote the welfare of children and young people in Bath and North East Somerset.

1.2 The LSCB is the key mechanism for agreeing how the relevant organisations in the Local Authority area will co-operate to safeguard and promote the welfare of children in Bath and North East Somerset and for ensuring the effectiveness of what they do.

1.3 Established in accordance with the Children Act 2004 and Working Together to Safeguard Children 2015, the work of the LSCB contributes to the wider goals of improving the welfare of all children, with a particular focus on the aspects of the Staying Safe outcome. Within the wider children’s trust governance arrangements its role is to ensure the effectiveness of the arrangements made by individual agencies and the wider partnership for safeguarding and promoting the welfare of children.

2. Scope and Remit

2.1 The Scope of the Local Safeguarding Children Board role is based upon 3 broad areas of activity:

- Activity that affects all children and which aims to prevent maltreatment, or impairment of health or development, and to ensure that children are growing up in circumstances consistent with safe and effective care.

- Reactive work to protect children who are suffering who are at risk of suffering maltreatment.

2.2 The remit of the Local Safeguarding Children Board will cover the priorities within the ‘Children and Young People are Safe’ theme of the Children and Young People’s Plan 2018-2021.

2.3 The core responsibility of the LSCB is protecting children from harm and so within these aims it will give priority to ensuring the adequacy of arrangements for keeping children safe from maltreatment, neglect, violence and sexual exploitation.

   - Serious Case Reviews
   - Child death reviews

3. Aims

3.1 The Local Safeguarding Children Board will focus on children and young people who are suffering or likely to suffer significant harm and on safeguarding and promoting the welfare of these children. In doing so, the Board will promote activities that protect children and young people from actual significant harm and the continuing risk of harm, which minimise the impact of harm and promote factors that enhance protection.

3.2 The Local Safeguarding Children Board will work to raise awareness within the wider community, taking into account differing backgrounds and needs, and among statutory, voluntary and independent agencies, about how everybody can contribute to safeguarding children and promoting their welfare.

4. Core Objectives of the LSCB.

4.1 To co-ordinate what is done by each person or body represented on the Board for the purpose of safeguarding and promoting the welfare of children living in, attending school, or visiting Bath and North East Somerset.

4.2 To ensure the effectiveness of what is done by each such person or body for that purpose.

5. Overall Objectives

5.1 To develop and agree local policies and procedures for inter-agency work to safeguard children within a framework provided by Working Together to Safeguard Children.
5.2 To audit and evaluate how well local services work together to safeguard children. To ensure that any actions arising from inspections of safeguarding services are effectively implemented and that their impact is evaluated and evidenced.

5.3 To put into practice objectives and performance indicators for safeguarding children, within the framework and objectives set out in the Children and Young People’s Plan, and ensure that the Plan takes into account priorities promoted by LSCB Annual Report and Strategic Plan 2018-21.

5.4 To encourage and help develop effective working relationships between different Services and professional groups, parents, carers and young people based on trust and mutual understanding.

5.5 To ensure that there is a level of agreement and understanding across agencies about operational definitions and thresholds for intervention.

5.6 To improve local ways of working in the light of knowledge gained through national and local experience and research, and to make sure that any lessons learnt or shared, are understood and acted upon.

5.7 To help improve the quality of safeguarding children work and inter agency working through specifying needs for inter-agency training and development, and ensuring that the training is delivered and evaluated. Further, that this training informs better practice and improves outcomes for children and young people.

5.8 To raise awareness within the wider community of the need to safeguard children and promote their welfare, and to explain how the wider community can contribute to these objectives.

5.9 To develop participation opportunities to ensure that the work of the LSCB is influenced by the voice of children and young people in B&NES.

5.9 To make sure that any lessons learnt from case reviews are understood and acted upon: to communicate clearly to individual Services and professional groups their shared responsibility for safeguarding children, and to explain how each can contribute.

5.10 To ensure that the Board meets its duties in respect of child death review arrangements through collaboration with neighbouring LSCBs and the West of England Child Death Overview Panel (CDOP).

5.11 To monitor the effectiveness of Early Help work in B&NES from the preventative safeguarding aspect and not an operational stance through monitoring the work of the Early Help Board as a new sub group of the LSCB.

6. Accountability and Reporting

6.1 Working Together 2015 provides statutory guidance on the establishment and the functions of LSCBs. The guidance makes it clear that:
a) The Local Authority is responsible for establishing a LSCB.  
b) The LSCB should be independent. It should not be subordinate to, nor subsumed within, other local structures.  
c) The Chief Executive, drawing on other LSCB partners and, where appropriate, the Lead Member will hold the Chair to account for the effective working of the LSCB. The Chair is accountable directly to the Chief Executive.  
d) The Chair’s Annual Report is the key mechanism for demonstrating accountability.  

6.2 The LSCB will be chaired by an Independent Person. The Chair of the LSCB holds the Board to account on matters of safeguarding in all its activities.  

6.3 The LSCB will provide Annual Reports to the Health and Wellbeing Partnership Board. The Chair of the Local Safeguarding Children Board will prepare reports on the effectiveness of the arrangements for the LSCB in Bath and North East Somerset to the Council’s Early Years, Children and Youth Policy Development and Scrutiny Panel and the Lead Member for Children’s Services.  
The relationship between the LSCB, the HWBB is therefore one of mutual challenge and holding to account. It should not be or perceived to be, one of linear accountability  
The LSCB also has mutual reporting with the Children and Young People’s sub group of the Health and Well Being Board. The Children and Young People’s Sub Group will present their responses to the challenges from the LSCB to the Health and Wellbeing Board. This report will be presented to the LSCB of part of the reciprocal challenge arrangement between both boards.  

6.4 The LSCB’s own work follows the LSCB Strategic Plan 2018-21 and is linked with of the Children and Young People’s Plan 2018-21 and through these its work will be scrutinised by the Local Authority, by other local partners and other key stakeholders.  

6.5 Whilst the LSCB has a role in coordinating and ensuring the effectiveness of local individuals’ and organisations’ work to safeguard and promote the welfare of children, it is not accountable for their operational work. Each Board partner retains their own existing lines of accountability for safeguarding and promoting the welfare of children by their services. The LSCB does not have a power to direct other organisations. The Board will however challenge member agencies about performance and their contributions to safeguarding children whenever appropriate.  

6.6 In carrying out its monitoring and evaluation functions the LSCB will advise Board partners on ways to improve. Where there are concerns about the work of partners and these cannot be addressed locally, the LSCB will raise these concerns with the individuals and organisations that need to be aware of the failing and may be able to take action. For example, to the most senior individual(s) in the partner organisation, to the relevant inspectorate, and if necessary to the relevant Government Department. The LSCB Escalation Policy for Resolving Disagreement between Workers will be followed in these instances.
